

ARMA/AADE Guest Speaker Lunch and Learn – SPRING 2013

ARMA and AADE CSM Student Chapter extend an invitation to the students for a presentation by Dr. Reza Ettehadi on Friday, February 15, 2013 from 12:00 pm to 1 pm in Marquez Hall MZ 326. Hope you will be able to join us.

Hole Cleaning Performance of Gasified Drilling Fluids

By Dr. Reza Ettehadi: Research Associate, University of Tulsa Drilling Research Projects

Outline:

1. Description of Experimental Flow Loop Tests
2. Cuttings transport review and factors affecting cuttings transport
3. Hydraulics and Bottomhole Pressure Control in Underbalanced Drilling
4. Effect of cutting concentration and liquid holdup on annular pressure control (Modeling and Experimental)

Where: Marquez Hall – MZ 326

When: 12:00 pm – 1:00 p.m.

Pizza and beverages will be served.
