

Niobrara Field Day

Guide: Dr. Steve Sonnenberg

Friday, April 7th 2017, 8:00 – 4:00 PM. @ Longmont, Colorado

We're happy to announce our first Field Trip of the year.

We'll be visiting the CEMEX Niobrara Quarry and making a few stops on the way to observe Niobrara Outcrops. Dr. Steve Sonnenberg from the Geology department will come with us to guide the tour and share his vast knowledge about the field.

Dr. Stephen A. Sonnenberg is a Professor and holds the Charles Boettcher Distinguished Chair in Petroleum Geology at the Colorado School of Mines. He specializes in unconventional reservoirs, sequence stratigraphy, tectonic influence on sedimentation, and petroleum geology. He received BS and MS degrees in geology from Texas A&M University and a Ph.D. degree in geology from the Colorado School of Mines. He has over twenty-five years of experience in the industry.
