

Lunch & Learn with Great Western Company

Life as a Practicing Tight Oil Reservoir Engineer

Speaker: Reservoir Engineering Manager, Great Western Oil and Gas Company

Wednesday, March 8th, 1:00 – 1:50 PM @ Marquez Hall, Room 204

In the industry, we often talk about “lessons learned” in the context of safety and operations. Today, we’ll talk about “lessons learned” in terms of being an effective reservoir engineer at an E&P company, both successes and some mistakes.
